

CONFIRMATION

Evidence of adequate statistical reliability

for transition to an inspection certificate 3.1

MARCEGAGLIA PLATES S.p.A.

**Via dei Bresciani, 16
46040 Gazoldo degli Ippoliti (MN) / Italy**

**Manufacturing plant:
Via E. Fermi, 33
33058 San Giorgio di Nogaro (UD) / Italy**

is proved acc. to

AD 2000-Merkblatt W1 para 5.1 and table 1

This is to certify that the manufacturer has proved with evidence of adequate statistical reliability, that the necessary requirements for materials mentioned below under scope, are met.

The manufacturer is thus entitled to issue an inspection certificate 3.1 for the itemized steel grades to furnish proof of the quality.

He is obliged to issue the certificate with the following note:

"Confirmation of evidence of adequate statistical reliability for dimensions from 10 mm to 30 mm thickness with confirmation issued by TÜV AUSTRIA Services GmbH dated 31.01.2023."

Scope of approval: Evidence of adequate statistical reliability for plates made from P355GH, 16Mo3 and P355NH acc. to AD 2000-Merkblatt W1, DIN EN 10028-2 and DIN EN 10028-3

Range of materials: Plates from 10 mm to 30 mm of the grade: P355GH, 16Mo3 and P355NH

Date of audit: 12.01.2023 and 13.01.2023

Date of expiry: 12.01.2026

The validity of this certificate is maintained through annual surveillance audits and corresponding renewal audits.

Certificate No.: 0035-23-I-POLM
